## Laszlo Göbölös, MD

Associate Staff Physician, Cardiac Surgery, Heart  
Vascular Institute

## BIOGRAPHY

Dr. Laszlo Göbölös, MD, is an Associate Staff Physician in the Heart and Vascular Institute at Cleveland Clinic Abu Dhabi.

Prior to joining Cleveland Clinic Abu Dhabi, Dr. Göbölös was a Post CCT Clinical Fellow and Staff Surgeon in the Department of Cardiothoracic Surgery at Southampton University Hospital Trust, United Kingdom, the second largest hospital of the country with outstanding surgical outcomes in the national registry.

Dr. Göbölös graduated with 'Summa Cum Laude' from the University of Pécs, Hungary and presented the MD thesis 'Functional and biochemical changes following coronary occlusion and reperfusion in an experimental canine model' with an excellent result. He then completed his residency training in Hungary, Germany, Netherlands and Egypt.

He completed his specialist training in Cardiac Surgery at the Heart Institute, Medical Faculty, University of Pécs, Hungary, the Department of Cardiothoracic Surgery, Herz-Kreislauf-Klinik, Bad Bevensen, teaching hospital of MH Hannover, Germany with special interest in aortic surgery and the Department of Cardiothoracic Surgery, University Hospital Regensburg, Germany with a focus on surgical heart and lung failure therapies.

He is a certified Educational Supervisor of Wessex Deanery (PGMDE), mentoring both undergraduate and postgraduate trainees in Cardiac Surgery. He was also a faculty member at Wessex Deanery hands-on cardiosurgical wet-lab courses. Beside Clinical Research, he conducted audits to improve NHS service, education and patient safety.

Dr. Göbölös has completed over 700 heart surgeries as a Primary Surgeon and participated in over 2,500 procedures including major aortic surgery, heart transplantation and artificial heart placement. He also implanted over 500 pacemaker/defibrillator systems.

In Regensburg, he was a team member in the development phase of transport ECMO, artificial lung (PECLA) and minimal invasive extracorporeal circulation (MECC) therapies. In Southampton, he received further
